

2015 ARTeam – US Based Australian Selection Trials

The vision of the Rowing Australia High Performance Program is to build the most successful international program in world rowing. This document outlines the schedule for US based selection trials as stipulated in the U23 Event Requirement and documented in the Selection Progression Memorandum – Senior ARTeam.

All ARTeam Selection documents are available here: <http://www.rowingaustralia.com.au/national-team-selection-information>. It is essential you take the time to read all relevant selection documents carefully. Please ask ARTeam staff if you have any questions about the selection documents prior to trials commencing. Boats in 2015 will be selected based upon the selectors' assessment of a boat's ability to achieve RA's High Performance Program vision. Only boats assessed by the selectors as having the ability to make the **A final** at the World Championships will be considered for selection.

Note: the final list of invited athletes will be announced via email on 26 May 2015.
